Mr. Charles Tucker

He taught me to play,
to build a body, strong and straight;
the football scrimmages, the basketball games,
the countless jumping-jacks, the exhausting burpees—
I knew him for all this.

And when I was too exhausted to run another step,
after I had punched out the game-winning hit—
for these times I knew him.

My body is strong, my life is new,
and I will remember him.

The June sun shall be hard on the past;

today is full with the joy of light,

and tomorrow is already warm on our faces.

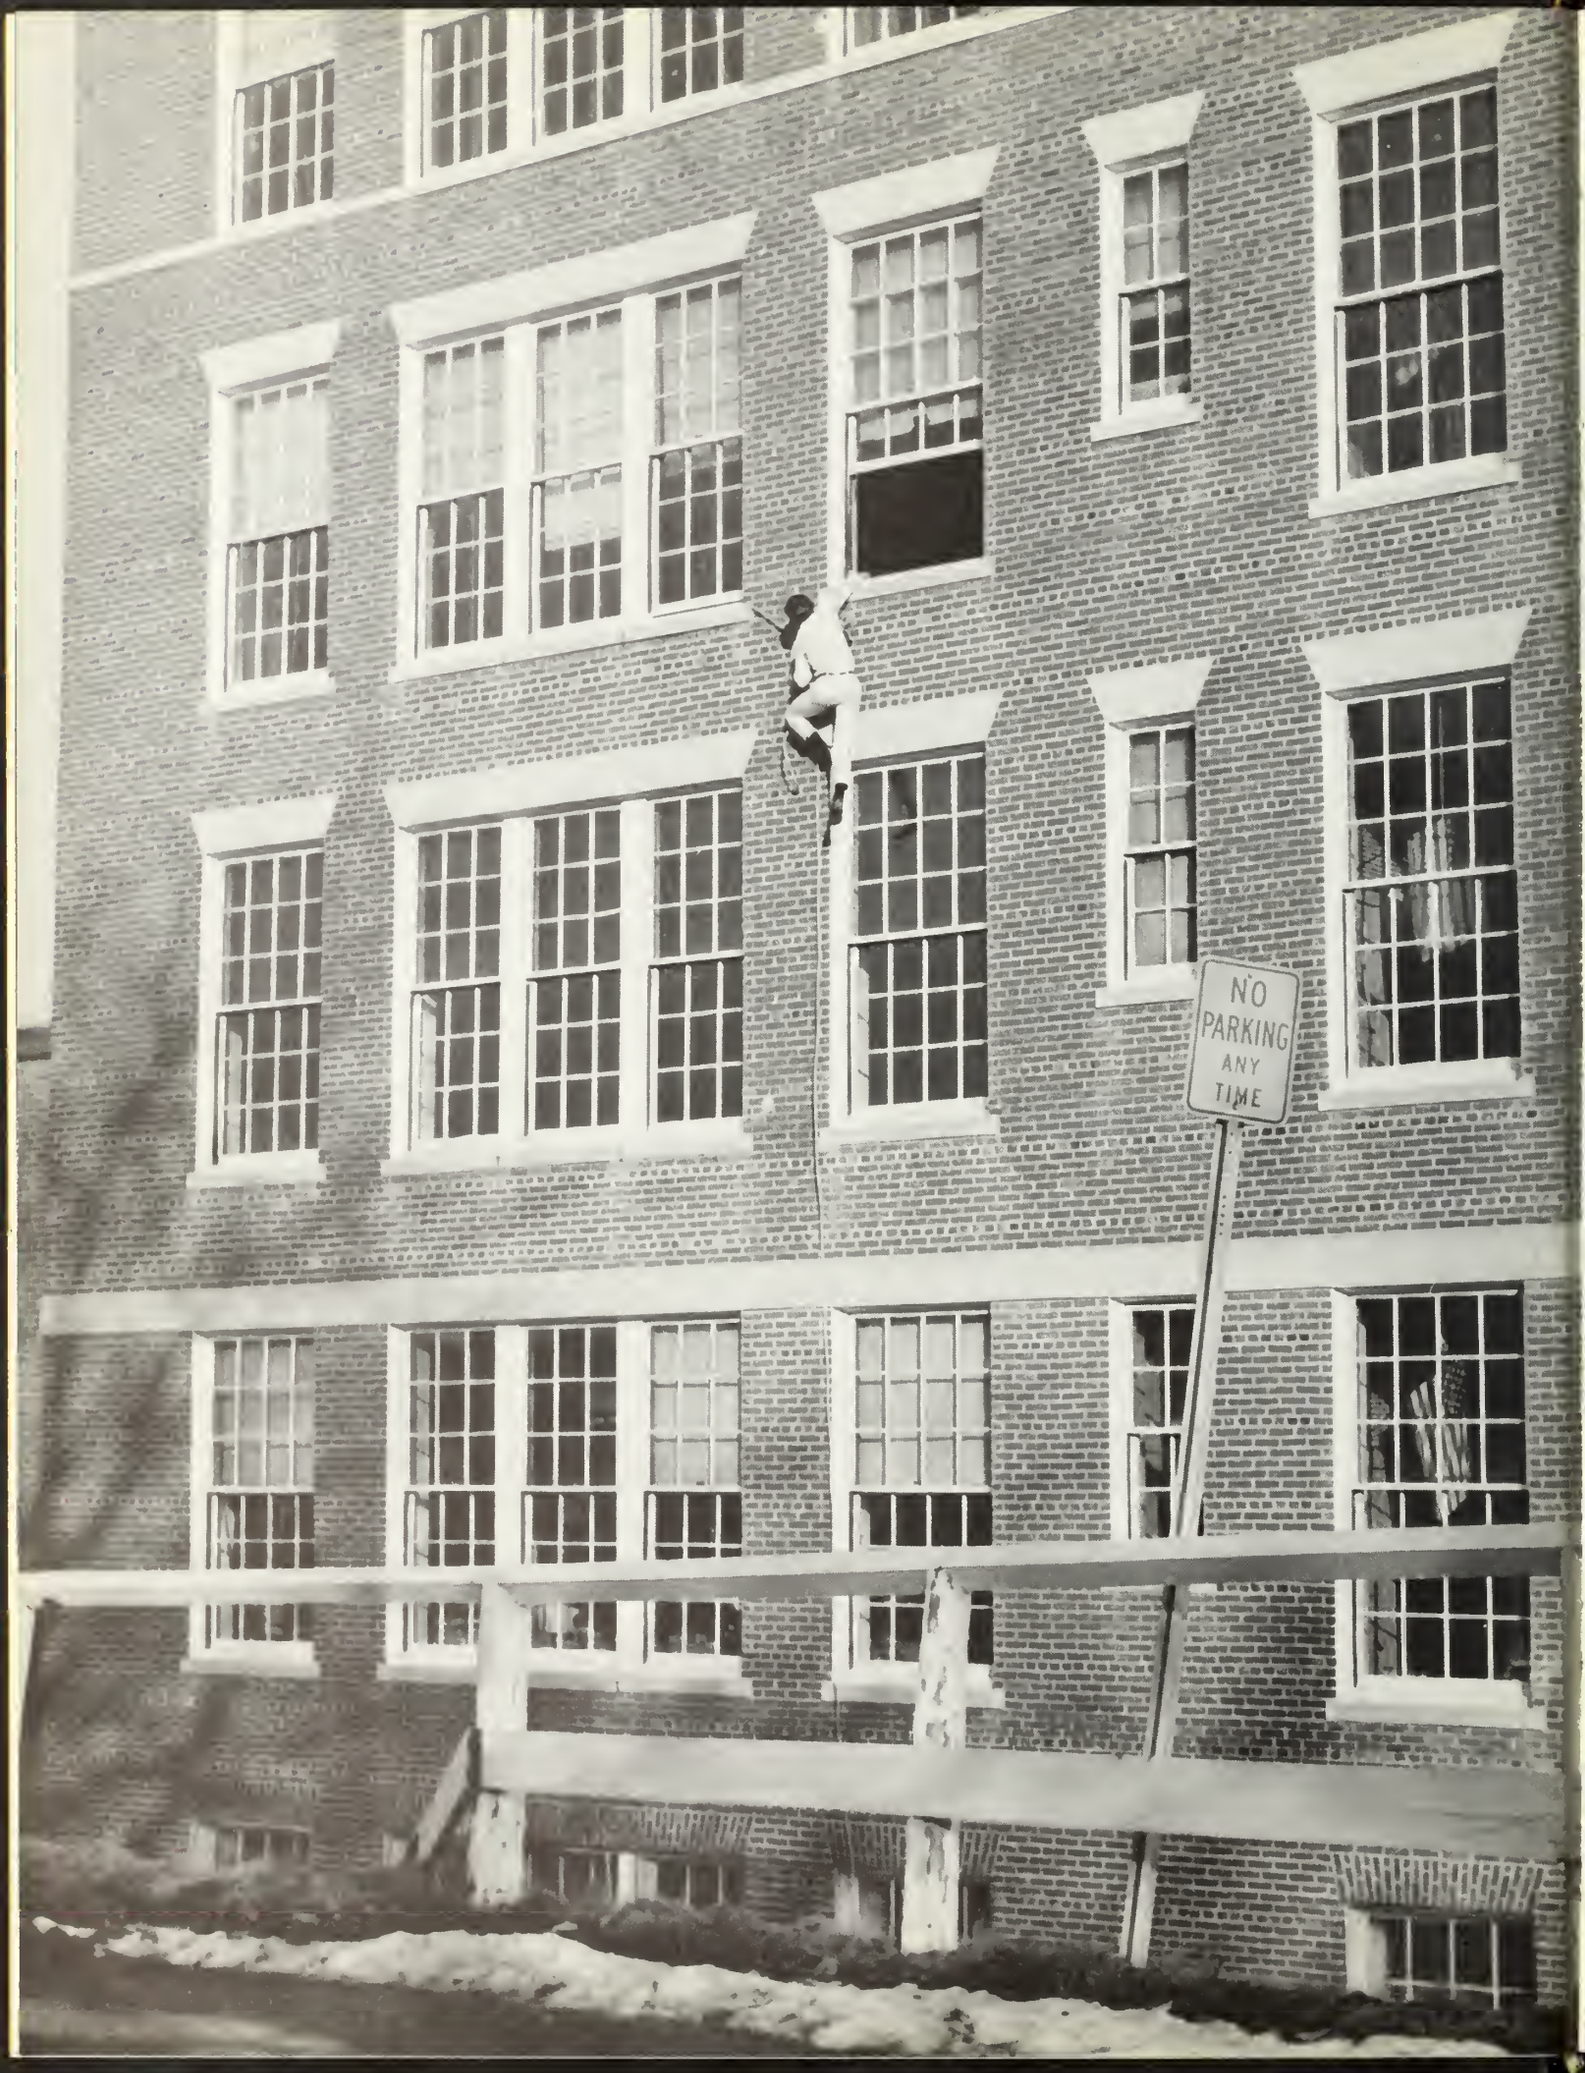
But even on that final day

as you close the door to the past behind you

and greet the waiting sun,

the past awaits your return.

So we have left a window open for you . . .



NO
PARKING
ANY
TIME

And when the need is great you will scale the wall of time

and search the past for what you left behind.

ADMINISTRATION

Dear Class of 1970:

The great intellectual awakening of America's youth in the 1960's will have profound effects upon the direction of our society in the 1970's. With the advent of this new decade, this phenomenon will undoubtedly continue. You will be in the vanguard of the continuing forces of change in the society you will shape for us all.

Realize that in this challenge lies your obligation. It is for you to be receptive to the inequities and injustices you see around you. To idly tolerate them will be to weaken our structure. It is also for you to make sure that the changes you implement will be wrought with and through our Constitution.

Let not this new decade flame into chaos, but rather let it offer hope to succeeding generations. Let them see by your example that you did not abandon hope in America, but that you painfully and steadfastly reached your goal of a just society.

Raymond S. Locke

To Our Graduates of 1970:

You have now become a member of our rapidly growing alumni family.

"Alumni", in your case, represents successful completion of an intensified training program in preparation for a marketable skill so necessary in today's world of work. You are to be complimented for your achievement.

"Family", for our purpose, is a unit of people, closely associated, with respect and affection for each other.

Like any member of a closely knit family, you need no invitation to come back for a visit if in need of employment, technical assistance, or just a friendly chat.

May I extend my congratulations and best wishes for success in all your future endeavors.

ACTIVITIES

STUDENT COUNCIL

"Glory, Glory, Hallelujah" sang our loyal president and treasurer as they christened our Student Lounge this year. Stomping on the floor of the lounge however, made the teacher in Old Hall rather upset. The Student Lounge was, of course, one of our proudest achievements of the year. We also sponsored many dances at the Junior High West, the Orpheus Concert, the Teachers' Tea, radio talk shows, and the hilarious donkey basketball game. The purpose of our Council was to develop attitudes and practices of good citizenship, to promote good relations throughout the entire school (which was not easy). We also tried to improve relationships, to provide a forum for student expression and to provide orderly direction of school activities.

AEX (SPIRIT CLUB)

Pictured are: Tom Binkowski, Lynne Lamberis, Chris Akins, Mrs. Nanci Ortwein, Nancy Power, Lee Anne Pellegrini, Ellen Ackerman.

AEX believes that school spirit and more student participation was increased as a result of our efforts this year. One of our main achievements was supplying buses to all of the "away" football games. Also, before each game, we sold spirit buttons and put up spirit posters throughout the school. Who can ever forget the "Beat Nude-In" pep rally we had (you-know-who was absolutely adorable)! Our night meetings were always a riot, as 9/10 of the time was usually spent laughing! Some of our great activities included Tag Day and Indian Day. The latter was very successful, and AHS that day was swarming with "braves" and "squaws". We hope that the spirit we helped to instill in the students of AHS will last for many years to come.

GIRLS' CLUB

Busy, busy, busy! The Senior Girls' Club really had a fun-filled year. We began the year with our annual overnight trip to Thurber Barn in Marshfield. Then, at Christmas, we went caroling at nursing homes and held a party for welfare children. How could we ever forget the first meeting? We performed a skit depicting the events of last year, and it all ended with the club's sponsor being carried out on a stretcher! What about the wild time we had in Houston for the National YWCA Convention? In addition to having fun, we've done work with unfortunate people, such as those on welfare.

ALLIED YOUTH

This was the year we went to Buck Hills, Pennsylvania for the international convention. The hit of the convention was when in the talent show J.D.'s Girls wore provocatively pinned sheets and tied their hair teasingly with ribbons.

The purpose of our club is to educate students on the dangers of narcotic drugs, alcohol, and cigarettes. This year we had many seminars and speakers on these topics. Other activities included our orphanage party, Christmas party and caroling, the Victory Dance, and the hayride. Of course, we had our usual Heath candy sale at the beginning of the year where we all had a chance to show what excellent salesmen we could be. Our favorite joke was "Did you hear about the lady who was photographed wearing a towel and had curlers in her hair?"

CHEERLEADERS

Left to Right: Dee Dee Balzer, Chris McCarthy, Debbie Poynton, Mary Murray, Joanne Ogonoski, Betsy Smith, Lindsay Ham, Chris Fiorenza, Maureen Judge, Kathy Havern, Arlene Pietkewicz, Andrea Murray.

Cheerleading is her fame . . . seven new cheerleaders . . . summer practices—"Keep off the grass" . . . "I can't hear you" . . . Aug. 7—Cheerleaders leave for NCA Cheerleading camp . . . Betsy, why do they call you Aunt Jemima? . . . 4 AHS cheerleaders stranded in rowboat on Lake Schroon . . . Chris F., what's this about a room over the shower? . . . AHS cheerleaders make CBS news . . . What's this about Arlene's thinking Betsy was a pancake . . . What do you mean there's no plane leaving for Boston for 11 hours? . . . Stop that singing; the pilot can't concentrate . . . Did you say 48 beets or 48 bunches of beets? . . . purple shakers? . . . Andy, give us a duck call . . . 152 pounds of pumpkins . . .

In spite of us all, most of our teams did manage to post a winning record.

MAJORETTES

Pictured are: Kathy Rowsell, Gwen Davidson, Janice Lecesse, Gail Segelstrom, Barbara Scott, Sandy Davis, Mary Ann Marchetti, Pat Kariger, Donna Kirkland, Cindy Vourous, Karen Kelly, Cyndy Sandberg, *co-capts.*

Those who happened to pass by the football field during the summer or any day after school would have seen us busily practicing our routines. We'll never forget sitting in the bleachers trying to keep warm during half-time, or when Mary Ann left her mittens on by mistake when we marched onto the field! Also, we acquired "new" uniforms (ha—that's a joke!). We were shocked when one of the sleeves ripped out and Sandy Davis' zipper fell out during one of the half-time shows (the uniforms turned out to be 12 years old!) We've had lots of fun performing at pep rallies and in parades as well as during the football season. The hard work (including struggling with leg make-up) and long hours that we put into our practices were well worth the effort.

SAMETTES

Pictured are: Fran Ciampi, Robin Faulkner, Diane Hall, Donna Hussman, Nancie Keefe, Nancy Kreuz, Sheila Mallard, Evelyn Mochi, Marcia Moore, Roseanne Nardone, Kathy O'Brian, Linda Peterson, Jean Puopolo, Kathy Ronan, Diane Shaw, Debbie Simonds, Nancy Toscano, Marcia Travers, Martha Walsh, Linda Walton.

Keep a straight line, Debbie! . . . Follow me, Nancy! . . . Don't you know how to do anything? . . . Left foot, Diane, left foot! . . . All right, who did that extra kick? . . . Wow! Nobody made a mistake. I don't believe it!

If you were to wander onto the football field some Tuesday or Friday afternoon, you might have heard some of these familiar phrases emanating from the direction of the Samette rehearsals. You would have found us hard at work practicing under the stern supervision of Mrs. Bertagna and Co-captains Fran Ciampi and Evelyn Mochi. Somehow, between the 9 o'clock Saturday rehearsals, Mr. T's incessant yelling, struggling with leg make-up, and withstanding the near-freezing temperatures, we successfully made it through the season. Of course, many thanks go to Mrs. Bertagna.

Pictured are: Stuart Anderson, George Beaton, Cheryl Breen, Pauline Chambers, Karen Chin, Ronald Chin, Susan Collins, Barbara Costley, Joseph Desimone, David Dillon, Patrick Donlon, Nancy Elder, Katherine Fellmy, William Ferrara, Kathleen Fleming, Richard Grace, Carolyn Grant, Colin Grant, Frank Guarino, Jeffrey Jones, Kevin Koumjian, Steven Kurth, Linda Lintz, John Macleod, Roy Macleod, Nola Manning, James McKearin, Connie Mehlbach, Robert Nelson, Edward Perkins, Michael Petrowicz, Michele Reed, Caleb Rogers, Mary Rogers, Michael Sheehan, Walter Sherburne, Richard Smith, Frank Tassone, Joy Torresyap, Stephen Tramontozzi, Marcia Wood, Janice Wright.

Despite the hectic Saturday morning practices and calamities such as leaving Stu Anderson behind, and getting beer splashed on our uniforms, the marching band, under the direction of Mr. Thebodo and the leadership of Caleb Rogers, lasted through a full schedule of pep rallies, parades, football games, and the memorial for Mr. Tucker.

And miraculously, by the end of the football season, we still had enough wind left in us to perform a number of successful concerts as the Concert Band.

ORCHESTRA

After the 1968-69 Arlington High School orchestra had established a reputation as one of the finest orchestras in the state, nearly all of the string players returned to make this year just as successful. In anticipation of this, our conductor, Mr. Thebodo, started us off early in the year by preparing a concert for the teachers' convention—the teachers received it with much enthusiasm and praise.

We then went on to finish up a very successful year, which included a performance for the *Festival of the Arts.* Our orchestra was not only a successful group effort, but it was also an important beginning for a number of our most serious musicians who plan to make a career of music.

HARMONETTES

If you could have seen us at our first few rehearsals, you'd never believe that we would ever perform—not even for ourselves! But, despite sore throats, missing people, and a few temper tantrums, we pulled ourselves together in order to try and live up to the reputation established by last year's group. We performed everywhere from nursing homes and hospitals to the Key Club Banquet. Who could ever forget those "calm and organized" Sunday rehearsals, the crash courses in dancing and the wild rides through rain and snow in order to get to a job on time.

Pictured are: Darlene Meduros, Andrea Harding, Jane Healy, Kathy Simpson.

GUITAR CLUB

Pluck, pluck pluck ... And the guitar club is off to another meeting. We've really enjoyed getting together and swapping songs. We became so proficient that we actually sounded harmonious!

ART CLUB

If anyone happened to pass by the art room on a Monday afternoon, he would come across our crazy bunch of "inspired" artists. We had a great time participating in the Christmas decoration contest and preparing for the Fine Arts Festival and the Art Fair.

None of us will ever forget the wild surprise birthday party we held for Miss Finberg. It was easy enough to get her out of the room so that we could prepare for the occasion, but we couldn't seem to get her to come back in. We waited and waited to no avail for her return. Finally, one of us went in search, and upon finding her, promptly said that a window had been broken in the room, and we desperately needed her help.

Enter one angry, but immediately surprised club advisor . . .

FUTURE NURSES OF AMERICA

We were newcomers this year, and we offered all kinds of activities to anyone interested in a career in medicine. Meetings were held on the second and fourth Tuesdays of every month in the clinic with Mrs. Barry (R.N.) and Mrs. Berkuist (R.N.) looking on.

We organized a Christmas bake sale and a lecture by a nursing school student (and a graduate of A.H.S.) who works at Lahey Clinic. But there were difficulties: for instance, a nursing film complete with nurses in calf-length pleated skirts, ankle socks, and saddle shoes.

But with more films during the year and other activities we showed that we try harder.

FUTURE HOMEMAKERS OF AMERICA

F.H.A. was basically a service-oriented organization with the primary aim of promoting better relationships between families and home and community.

We had several activities that year. There was the homecoming game "Mum" sale; and, of course, our Penny Sale, with Mr. Trevisani and Miss Shapiro. Our state Reporter even won the Red Rose Merit Chapter Award for the outstanding chapter in the state! Most important to us, though, was the needy family we adopted for this year.

Pictured are: Susan Berberian, Helen Cantrell, Maureen Hogan, Claire Musco, Rosann Nardone, Terri Parragona, Natalie Penta, Mrs. Pharris, Leslie Wynne.

F.T.A.

We future teachers were able to take the opportunity to teach this year. We were tutoring individual students after school. We also taught at various elementary schools for one or two days at a time. We each took complete control of the classroom. This practice teaching has been an invaluable experience for us all.

F.B.L.A.

This year our club went through the usual problems of a first-year club. Our ultimate goal was to train people for possible careers in the business world. (for example, secretarial work, management, marketing, etc.) The whole experience was certainly valuable and helped us to choose our vocation.

Back Row: Lucille Robillard, Joanne Catalano, Kenny Fulkerson. *Front Row:* Roseanne Lionetta, Irene Geaneses, Debbie Gedraitis, Sandra Keshishian.

Pictured: Stuart Anderson, Donna Gormley, Rich Iappini, Miss Mulcahy, Robert Powers.

SKI CLUB

The Ski Club tried this year to unite the ski enthusiasts of AHS while also drawing in some non-skiers to show them how great the wonderful world of snow really is.

We had several ski trips this year to different mountains; we chose the ski areas at a meeting two weeks before each trip.

On our first ski trip, we went to Wildcat Mountain and to our surprise, there wasn't any snow. At the end of January we were courageous enough to go to Waterville Valley. For a change, everything turned out fine on this trip.

CIVIL RIGHTS

Pictured are: Kathy Hughes, Linda Kelly, Mr. McMurray, Vivian Savio, John Serson, Diane Shaw, Janet Tobey, Susan Tobey.

In the past our club had been concerned with civil rights outside Arlington High, but this year we were mainly concerned with students' rights within the school. We held our meetings every two weeks, or whenever we felt that a pertinent issue had arisen. This year our main activity was a large campaign to rid Arlington High of the Dress Code.

18 x 72

Pictured are: Ebba Dohlman, Janis Keating, Christine McDermott, Andrea Mobilia, Sarah Rosenfield, Richard Rubino, Alfred Spector, Judy Sakey.

The purpose of our organization has been to lower the voting age to nineteen by 1970 and eighteen by 1972. This year we conducted a petition drive in which we collected 1300 signatures of registered voters. However, our goal of 18 x 72 was defeated because, in spite of our area's 1300 signatures, we did not get the required amount of signatures within the entire state. We encountered only slight resistance when we were petitioning, such as the time when an old lady called one of us a "Communist hippie"!

BEDFORD VOLUNTEERS

Pictured are: Barbara Cox, Barbara Dorrington, Colleen Fallon, Mary Healy, Mary Higgins, Carole Teeven.

Our volunteer group went every Wednesday afternoon to the Veterans Hospital in Bedford. As volunteers, we were allowed to choose the field in which we most enjoyed working. Several of the popular fields were social service, physical therapy, nursing, and library work.

Pictured are: William Anderson, Pat Fernandez, Kathy Ronan, John Vieira, Steven Wilson.

LIBRARY CORPS

Each of our members worked a minimum of a period weekly in order to provide the libraries of AHS with the most efficient, smoothest-running library system possible. In addition to our duties during the school day, we held a Christmas party at which books for donation to one of Boston's needy school libraries were obtained. Also, in February we held our annual Book Fair, and finished in the Spring with our yearly outing.

AUDIO-VISUAL

The Audio Visual Club was a haven for all kinds of people: students picking up films or projectors, frustrated teachers trying to make copies of tests, and students returning to ask how to run the projector they just borrowed.

To prove that we were not just mechanical wizards, the club sold tickets for the Arlington Jaycees, went on a field trip to W.N.A.C.—T.V.'s studio, and threw a Christmas party. For those of us who went, it's still a tie between Danny and the mistletoe . . .

We would like to thank Mr. Fagone and Mr. Grassie, our advisors, for their thoughtfulness and endless patience.

SCIENCE CLUB

Pictured are: John Asinari, Mr. Botelho, Ronald Chin, David Doucet, Kevin W. Doyle, Stephen Gilligan, Joseph V. Greco, Brian Kelly, Robert Nicoloro, Scott Petrowicz, Dale Shaw, Diane Shaw, Kathy Smith, Bill Wright.

This year we Science Club members had the opportunity to visit many different places and to participate in interesting projects. We were afforded numerous chances to learn more about the science world outside of a classroom atmosphere, and the sharing of our common interests and goals created a close-knit group. Throughout the year we visited such places as the New England Aquarium, Museum of Science, and the laboratories at M.I.T. In February we were lectured by Dr. Dohlman, a famous eye surgeon at the Retina Foundation in Boston. As has been the custom for the past ten years, our club conducted its annual Science Fair which was very successful and enlightening, and a few of us exhibited our own demonstrations and inventions.

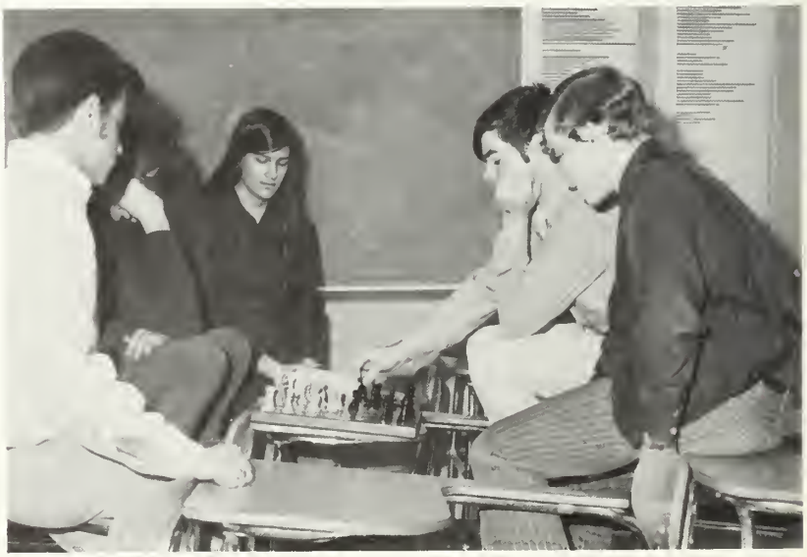
MATH TEAM

Pictured are: Brian Battista, Ronald Chin, David Cornelius, Tom Gennis, Eileen Jay, Karen Koumjian, Elizabeth Lee, David Lund, Edith Marshall, David Mayerson, Dale Shaw.

This year we had several opportunities to show off our mathematical skills during competitons in October, December, February, and April. We competed in the Greater Boston Mathematics League where our goal was to be one of the top ten out of about fifty schools. We started off the year well by finishing third in our first meet. But in December we were somewhat unlucky. Ignoring the answer of the one sophomore on the team, we proceeded to answer a question incorrectly. Consequently, we finished eighth out of eleven schools. Had we used our sophomore's answer, we would have probably come in fourth.

CHESS CLUB

We members of the chess club have been given the opportunity to learn, improve, and have fun playing chess. Also, we've had much experience in tournament competition in the Greater Boston Chess League.



Pictured are: Paul Cantell, Joel Langer, Edith Marshall, Daniel Nyberg, Ted Perkins.

LATIN CLUB

The Latin Club was open to all fourth-year Latin students. Our most memorable moments included the trips to the Museum of Fine Arts and our Roman style banquet at the end of the year. *Consul* Dick Churchill recalls the time George Rugg, *Scriba* and Edith Sophia Marshall sang a duet of "Adeste Fideles" to the accompaniment of James Demas' beating on a desk, as the most cultural activity of the year.

We met every Tuesday in room 26 for the purpose of increasing skills and confidence in public speaking. Our club operated on all levels, holding informal roundtable discussions and formal debates with other clubs. Naturally, we chose the topics ourselves, keeping our ultimate goal in mind: to form a debating team to compete against other schools.

Oh! the scholars of today! Are they the teachers of tomorrow?

THE CHRONICLE STAFF

Our big task this year was to put out a newspaper for the students of AHS, reporting the events of the school and expressing student opinion. Each month we had our regular news articles, reviews, letters to the editor, and of course, our own answer to "Dear Abby": Aunt Minerva. Making sure that the newspaper went to press on time was our biggest problem. In our haste, we sometimes blundered profusely. (For instance, there was an article about the Teen Center whose title read "64,000 Dollars Allotted to Teen Center". Actually, only a total of sixty-four dollars had been collected. Someone took it upon himself to add three zeroes.) All in all, it was great experience working for a newspaper and the value of the experience will always be retained.

The most noticeable feature of our 1970 Gilbert & Sullivan Club was its almost total lack of resemblance to G&S Clubs of the past.

The club found itself in 1970 revitalized with new officers, a new director, and a great number of new members; and, accordingly, set about breaking all its long-standing traditions.

At the first meeting of the year, we voted to put on a modern musical instead of the usual Gilbert and Sullivan operetta. After weeks of discussions and meetings, *Oliver* was chosen as the 1970 show. Following this decision, tryouts were run and rehearsals began under the direction of Mr. Donald Sullivan, Arlington's new Music Department Head.

Long-time members of G&S, however, immediately noticed changes in the club. Tryout and rehearsal procedures were different from those of the past; and there was a new enthusiasm among the club members. Even the date for the *Oliver* production was changed from the traditional G&S show dates in early April to the first two days in May. About the only thing that we left unchanged, in fact, was its name.

Despite many problems, such as trying to find what seemed like hundreds of props for the show and trying to disguise high school girls as little boys, we managed to make our first modern musical á success. *Oliver* meant a good time for both the cast and the audience, and left the members of the G&S Club with many fond memories of 1970.

KEY CLUB

The Key Club was unique in that it was sponsored by the Kiwanis, an organization outside the school. Our purpose was to build character and to promote good citizenship practices among our members. We went about accomplishing our goals by rendering service projects to the school and the community.

Our first project was Christmas caroling at a nursing home for the comfort of the neglected aged. Later in the year, we held an extremely successful drug seminar. The project we most enjoyed was the film at Leo's after the meeting.

We hope that future Key Clubs will uphold our reputations of good citizenship and service.

DRAMA CLUB

Who could ever forget the trials and tribulations of our first production this year: a rock version of "A Midsummer Night's Dream!" (We thought Puck would never get his magic potions straight.) Then, before we knew it, we were in our last week of rehearsals. Things had progressed greatly but we were still a little shaky in a few places. Then the big weekend of our two performances came! Every one of us gave a 100% effort, which resulted in an almost flawless play. The audience reaction was overwhelming. People were buzzing that it was the best production the school had ever put on. Knowing that we were appreciated made it the happiest event of our lives. Seniors who led the cast were: Chris Akins, Michael Allosso, Art DaPrato, Steve Hilferty, Cheryl MacMahon, Steve Magliano, and Richard Stayton. After our last performance we had the cast party; the details of which are unprintable.

Less than a month had elapsed after our first production, when we started tryouts for our biggest event of the year: the festival play. The play was to have a British flavor, so everyone polished up their English accents in preparation. The play selected was "Black Comedy." Our director said that it was the most difficult play she had ever attempted. Rehearsals required a lot of energy but we loved every minute of it. Who could ever forget rehearsing those hectic scenes when Mike had to move all the furniture in the dark? We finally perfected the play and went on to compete in festival competition.

We can all thank our director, Mrs. McLean, for the aid she gave us. In all, it was a truly rewarding year for those of us who were seriously interested in dramatic training.

YEARBOOK

Was one lousy little yearbook really worth the trouble? Worth getting schizoid over finding sixty senior photos that we didn't know existed? Worth holing up in Room 27 until 6:30 every night? Worth falling asleep in Dale's basement around 1:00 in the morning over six square miles of layout sheets? Worth getting kicked out of the school at 10:30 one Friday night, then trucking a half a ton of assorted garbage over to Randy's house for some intensive deadline-beating activity? Was it worth having to put up with David Mayerson?

One lousy little yearbook just might have been worth the trouble—maybe.

FOOTBALL

"Are we playing Somerville? . . . All right, you birds! . . . Go get 'em tigers! . . . Welcome the cattle! . . . Is that logical, Deveaux? . . . There are three things that will kill any athlete—B, B & B . . . Left 100 dive at 5—can't do it . . . Oh yea, right 200 dive at 6—can't do it . . . What seems to be the problem here, E. P.? . . . Where's my little dynamite molecule, Muskie? . . . React! . . . Move the legs! . . . Headaches . . . Moon Millie . . . Let's go . . ."

And that's exactly what we did. We long—haired, underweight wonders of the AHS football team, led by co-captains Mark Sullivan and Paul Manderino, finessed our way to an 8-1 record and a tie for suburban League Champs. We also started a new trend in AHS football. Everyone of us (well, almost, anyway) was college bound. Mark Sullivan was selected as an All Scholastic running back and defensive safety. Paul Manderino won Honorable Mention as a fullback, and Barry Santini won Honorable Mention as a split end. Members of our team who made the All League Team were: Mark Sullivan as running back, Paul Manderino as full back, Barry Santini as split end and Tom Muskaluk as guard.

HOCKEY

After two years of finishing behind Brookline in league competition, we Arlington seniors finally got our revenge. Not only did this year's squad beat Brookline, we also beat every other opponent, finishing the season with a perfect 16-0-0 record.

This year's success definitely came from a team effort but we were not without All-stars. Arlington placed three players on the first All-star team: Mark Noonan, defense, and forwards Kent Davison and Kevin Carr. The All-star second team included forward Mike Zona and defenseman Eddie Burns. Rounding out our All-stars was Jay Shaughnessy on the third team. Along with his All-star honor, Mark Noonan was also chosen the league's Most Valuable Player.

Although these players were a very important part of the hockey team, there were other people that were also necessary. Coach Burns was perhaps the most important member of our team, being most directly responsible for our success this season. Also helping the team out were managers Ralph Abruzzese and Ricky Rigazio.

To help our superb team effort was the great support of the student body. The fans were great throughout the season, especially in the two Brookline games. In total the whole hockey season was a great school project, an extremely successful one.

INDOOR TRACK

We A.H.S. Indoor Trackmen, led by Co-Captains Barry Santini and Paul Manderino, were Division II champions and finished second to Lexington in the state meet by one point. The high point of the season had to be when Jamie Audunson finished first in the 50 yard dash to clinch a victory over Milton, and the Division II Championship for Arlington. Paul Manderino won the shot put in the state meet with his toss of 55 feet, and placed fifth in the hurdles. Barry Santini won the high hurdles and equaled the record of 5.8 seconds. Dave Johnson finished fifth in the two mile run, Tim Lynch finished fifth in the mile run, and last but not least, Dave Baldwin finished fourth in the 1000 meter run.

BASKETBALL

Our Varsity basketball team posted one of its better records in recent years, going 6 wins and 12 losses. In a year that was to have been a rebuilding year with only 3 lettermen returning, the team far surpassed expectations.

This was the first year that the AHS basketball team defeated the established powers in Weymouth, Rindge, and Waltham in one year. The Waltham victory was the first in 8 years.

Our team had the disadvantage of opening its season by playing three Tech Tourney qualifiers in the first four outings. Yet all three losses were very close and were marked by the hustle and defense that continued throughout the season.

Typical of our team was the Waltham game in which we trailed 43-16 at the half but only 53-43 one period later. For the first time in many years the basketball team was drawing respect and praise from opposing players and coaches.

With 11 of the 15 man team returning next year perhaps the future holds a brighter outlook for basketball.

Dave Benoit led the team in assists with 41, followed by Joe Lewko with 32. Co-captain Jim Kostopoulos was the leading rebounder with 53 offensive and 95 defensive. John Novillis was close behind with 49 and 82.

Co-captain Mark Sullivan led the team in drawing offensive fouls with 10, as well as being the leading hacker with 56.

Joe Lewko led the scoring parade with a 14.5 point per game average. Jim Kostopoulos followed at 10.3 and John Novillis was next at 10.2.

A fine, industrious, and cohesive team has set the stage for the development of a good basketball tradition at AHS.

GYMNASTICS

Left to right: Jay Cronin, Steve Hilferty, Bob Cronin, Steve Catalano, Stanley Wharton, Bradford Allen, Don Garrity, John Nochella, Peter Saul, Rusty Garrity.

Coach Harold Fairbanks and Assistant Coach Robert Goldberg had to be congratulated for the job they did with the gymnastic team that season, despite its won-loss record. Even though our team was plagued with injuries and the loss of Kevin Chin, we still managed to provide the opposition with excellent competition.

Coach Fairbanks lost six senior lettermen in 1970. The seniors who left were: Brad Allan, Steve Hilferty, Steve Catalano, Robert Cronin, Donald Garrity, and John Serson.

If all went well, the next season should have been a good one for the gymnastic team. Many promising freshmen, sophomores, and juniors should have returned including Jay Cronin, Stanley Wharton, Peter Saul, Rusty Garrity, John Nochella, Ron Penton, and Tom Egan.

"Fitzie, how are you ever going to make it at the dance with all those bruises?" . . . To those on the field hockey team this question will bring back memories of their many afternoon practices.

This year's field hockey team boasted a group of very talented players . . . "Whoever said we couldn't hit the broad side of a barn? It is just the goal cage we have trouble with. Would you believe 8 goals in 7 games?"

The girls practiced regularly except for an occasional short session . . . "Short practice today because Coach 'Liz' has a hairdresser's appointment" . . . Each girl gave her best to her particular position. . . . "Susan's got a rough job; she's timing" . . . The diligence of the team on the field was reflected in their high scoring . . . "Louise, the game started ten minutes ago" . . .

For a group that was together as much as we were, our field hockey team got along quite well . . . "Every corner is a goal except Cooper's" . . . Every group has its inside jokes and this one was no exception . . . "Jeanne, remember that snap, crackle, pop?

Through it all, our team kept its sense of humor . . . "Make love not war? Then how come our hockey field has trenches?" . . . We felt we could always say, "No matter what Mr. Kelly says, we are still undefeated!"

GIRLS' BASKETBALL

The name of the game is shoot, shoot, shoot . . . Close your eyes when you shoot Fitzy, maybe you'll get another basket . . . Looks like another long practice kids; Liz has her sleeping bag . . . Excuses, excuses, Elaine. The basket moves for everyone . . . Our "get up and go" just got up and went . . . Who says there's no Jolly Green Giant? Winchester has four of them . . . Susan, try getting off your feet; they're not made of China . . . Jeanne, you've worn out the right side, how about trying the left?

The Girls' Basketball team this year should be given a great deal of credit for the effort they have put into their work. Practices were long and were held over. The team will lose some outstanding senior players, but the prospects look good for next year since the team has some fine underclassmen who are going to be playing. The captain, Elaine Cooper, spoke for all the members on the team when she said that the best part of high school basketball has been having Miss McDonough for a coach.

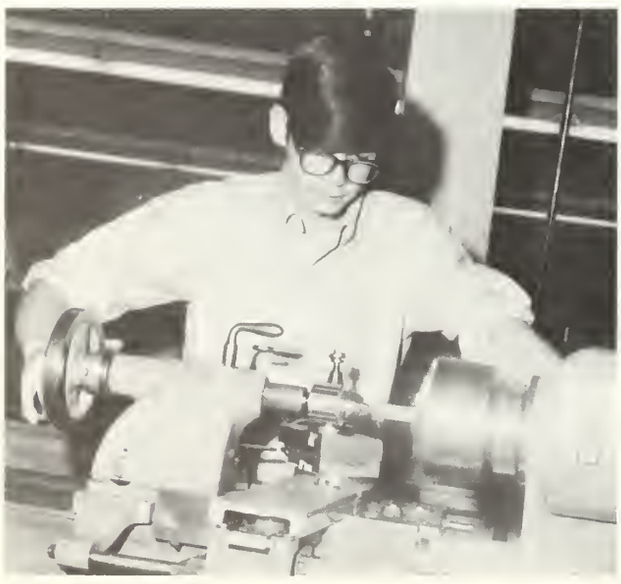
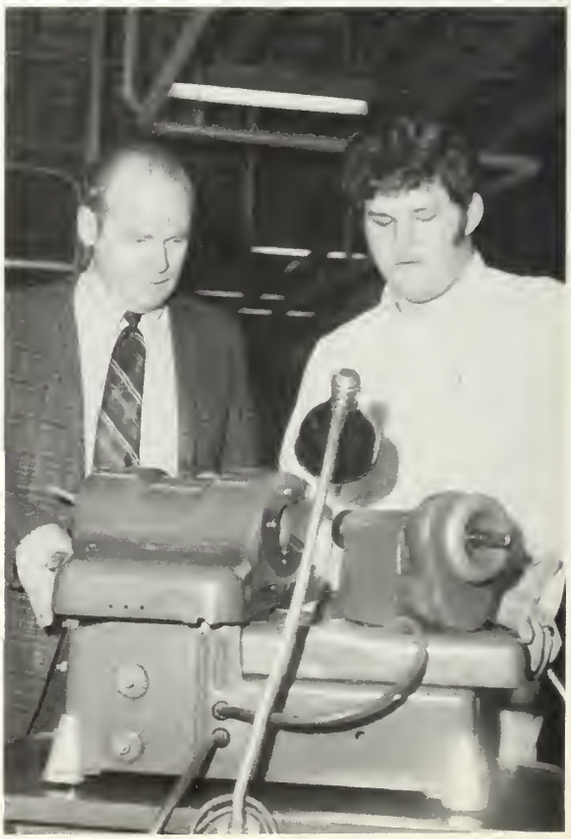
TECHNICAL-VOCATIONAL

MACHINE SHOP

The machine shop course offered training in the set-up, operation, and maintenance of bench lathes, engine lathes, milling machines, power saws, and other tools. Training in all forms of bench work such as layout, chipping, scraping, and heat treating were also given to enable us to carry out a complete job from the planning stage through the finishing operations. We made use of precision measuring tools of the trade, such as micrometers and gauges, as well as the standard setup and measuring tools. We were given the opportunity, in progressively challenging situations, to learn the functions of most machines and machine accessories.

Arlington Technical probably has one of the best equipped machine shops in the state, and we have certainly welcomed the valuable training experience.



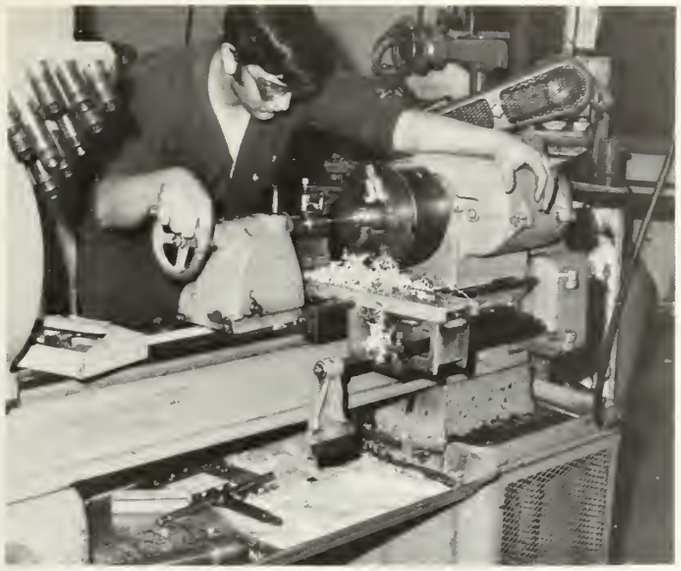


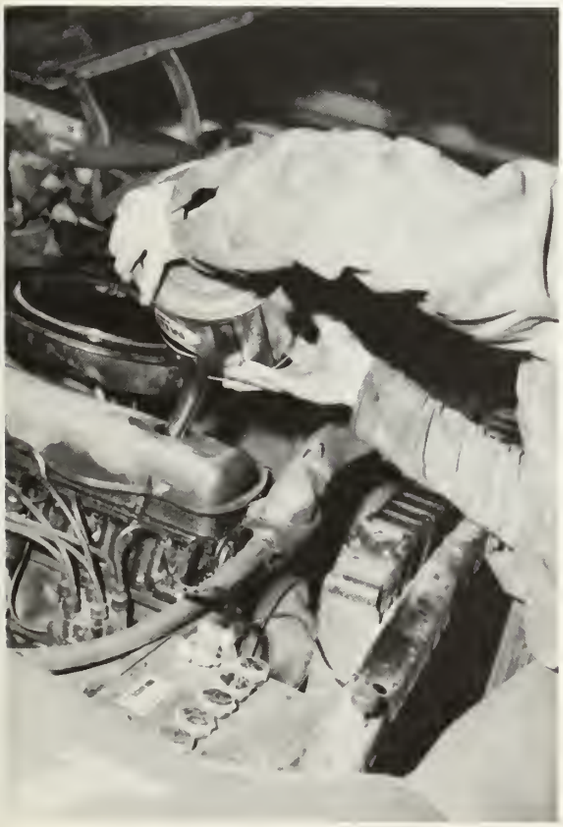
ELECTRONICS

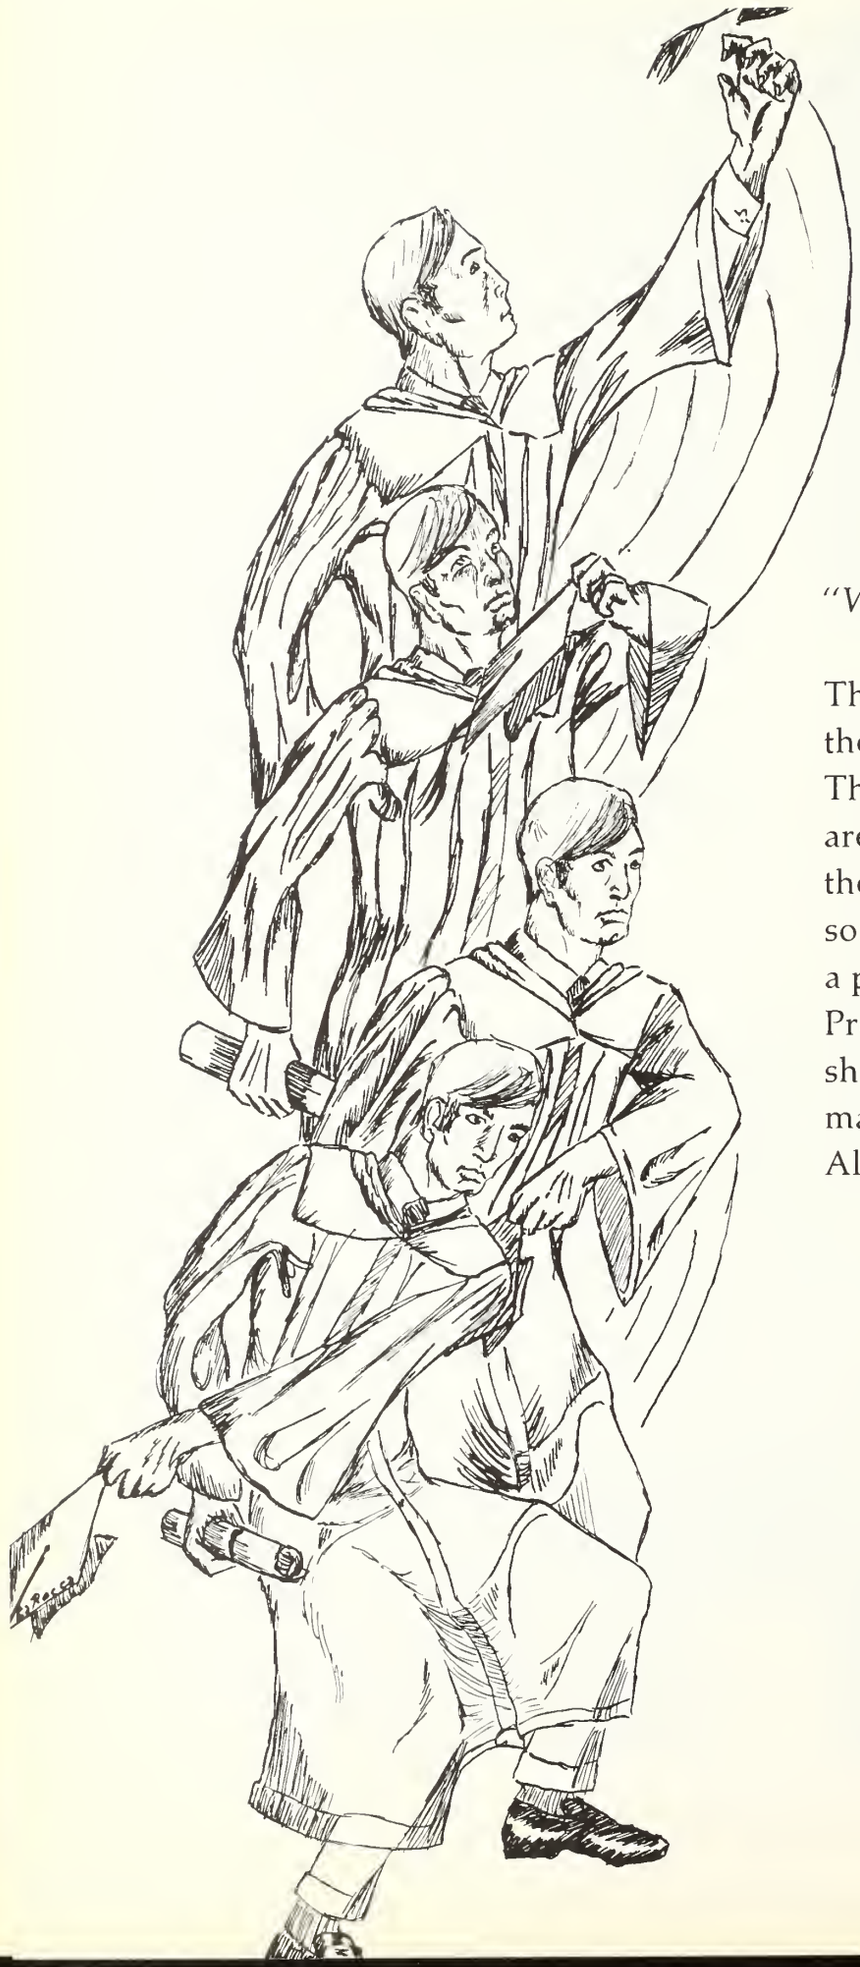
The course in electronics at Arlington Tech. is very thorough. We were taught in various areas, from Ohm's Law to Television Circuitry and Industrial Electronics. Our freshman year was the most important because we learned the basic fundamentals which were used during the remaining years of the course. The second year covered the areas of radio, transistor theory, and equations used in breadboard circuits and computations. During the third year we learned more transistor theory, television theory, and radio and transistor circuits. Finally, in our fourth year we finished television theory in shop. We all had to do a project in which we studied a particular field. We had to have this project completed and running by our annual "Open House" which was in March. We then demonstrated our projects to the students, the teachers, and the public.

AUTOMOTIVE

During our four years at Arlington Tech. we completed thorough training in the care and repair of cars. The first year of our training covered the theory of the basic engine. We began by constructing a project in order to learn the proper use of the tools involved. We then took apart junked cars to learn their basic construction. The next step was going into the engine room and taking an engine completely apart. The difficult part was to put the engine back together——in running condition and without any extra parts! During our remaining years we were taught the essentials of servicing cars, including brake lubrication, tire balancing, engine tune-up front-end alignments, and minor repair work.







"Where are Elmer, Herman, Bert,
Tom, and Charley,
The weak of will, the strong of arm,
the clown, the boozer, the fighter?"
Their faded faces and forgotten smiles
are not completely lost;
they're kept secure
someplace where they can still be reached,
a place not out of bounds to recall.
Pressed flat between the pages,
shining faces of youth flash-frozen
make fun of age and time.
All of them are here . . .

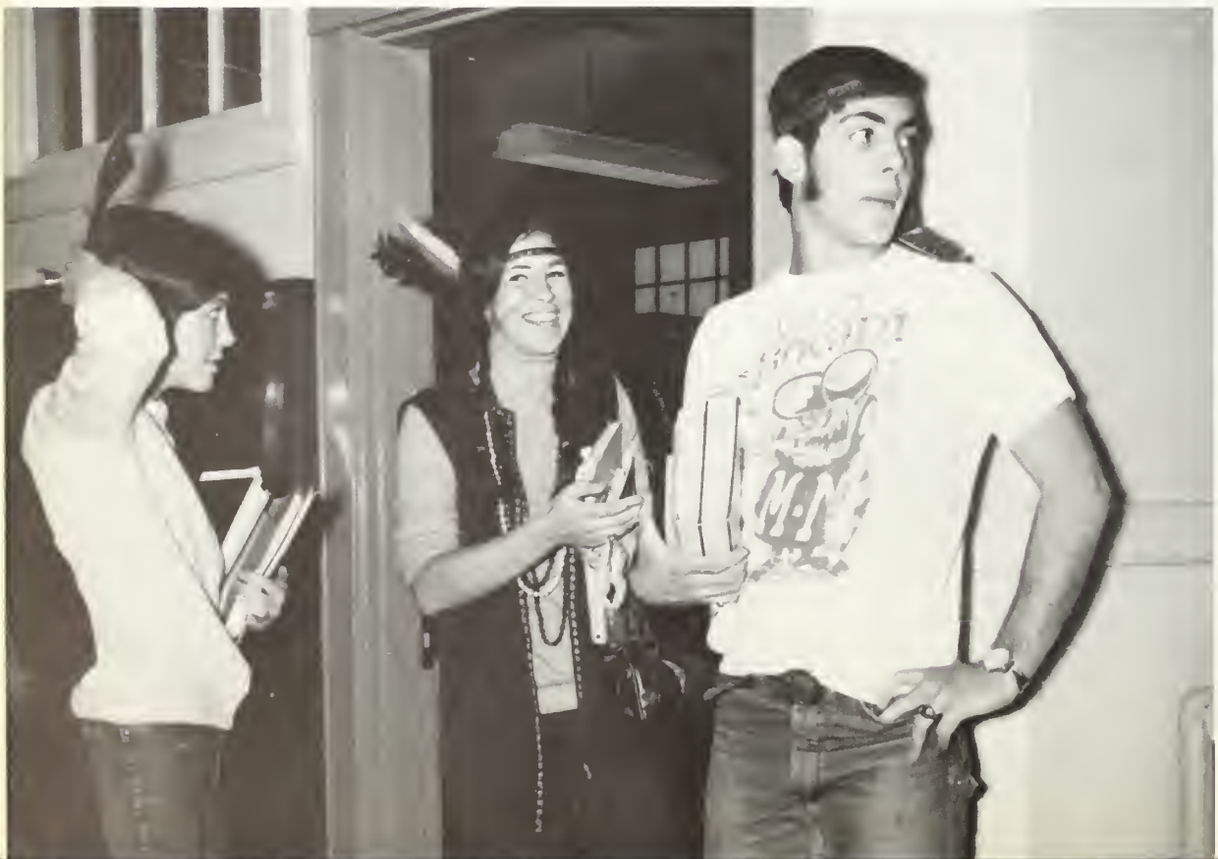
In all these moving muscles

there is desire and excitement



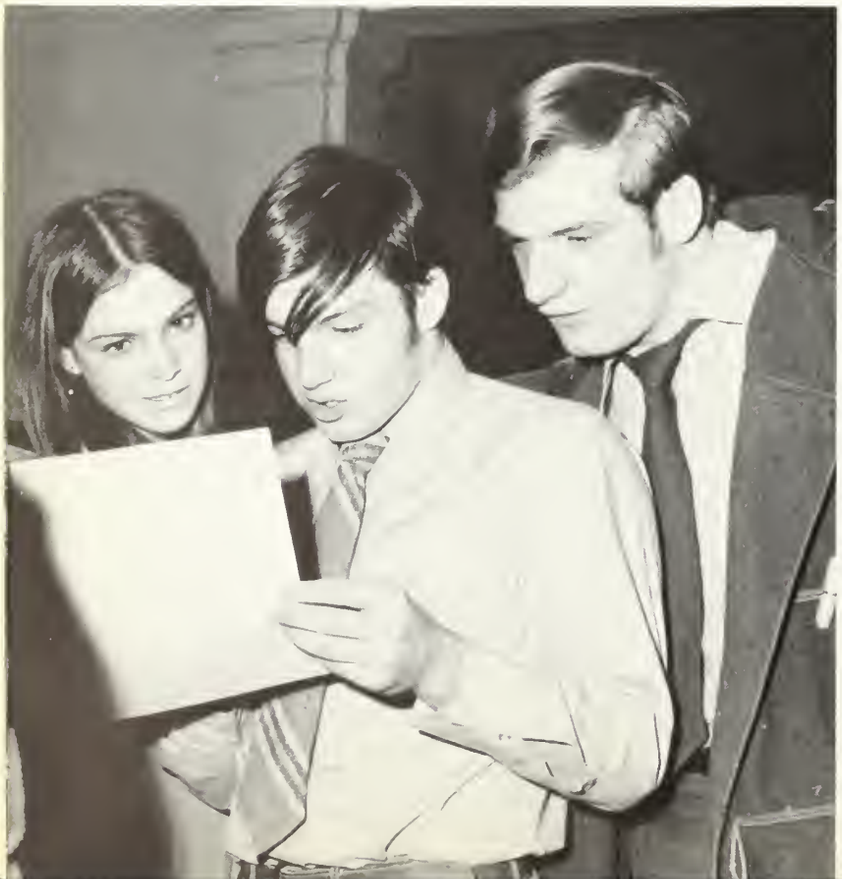
behind every restless face

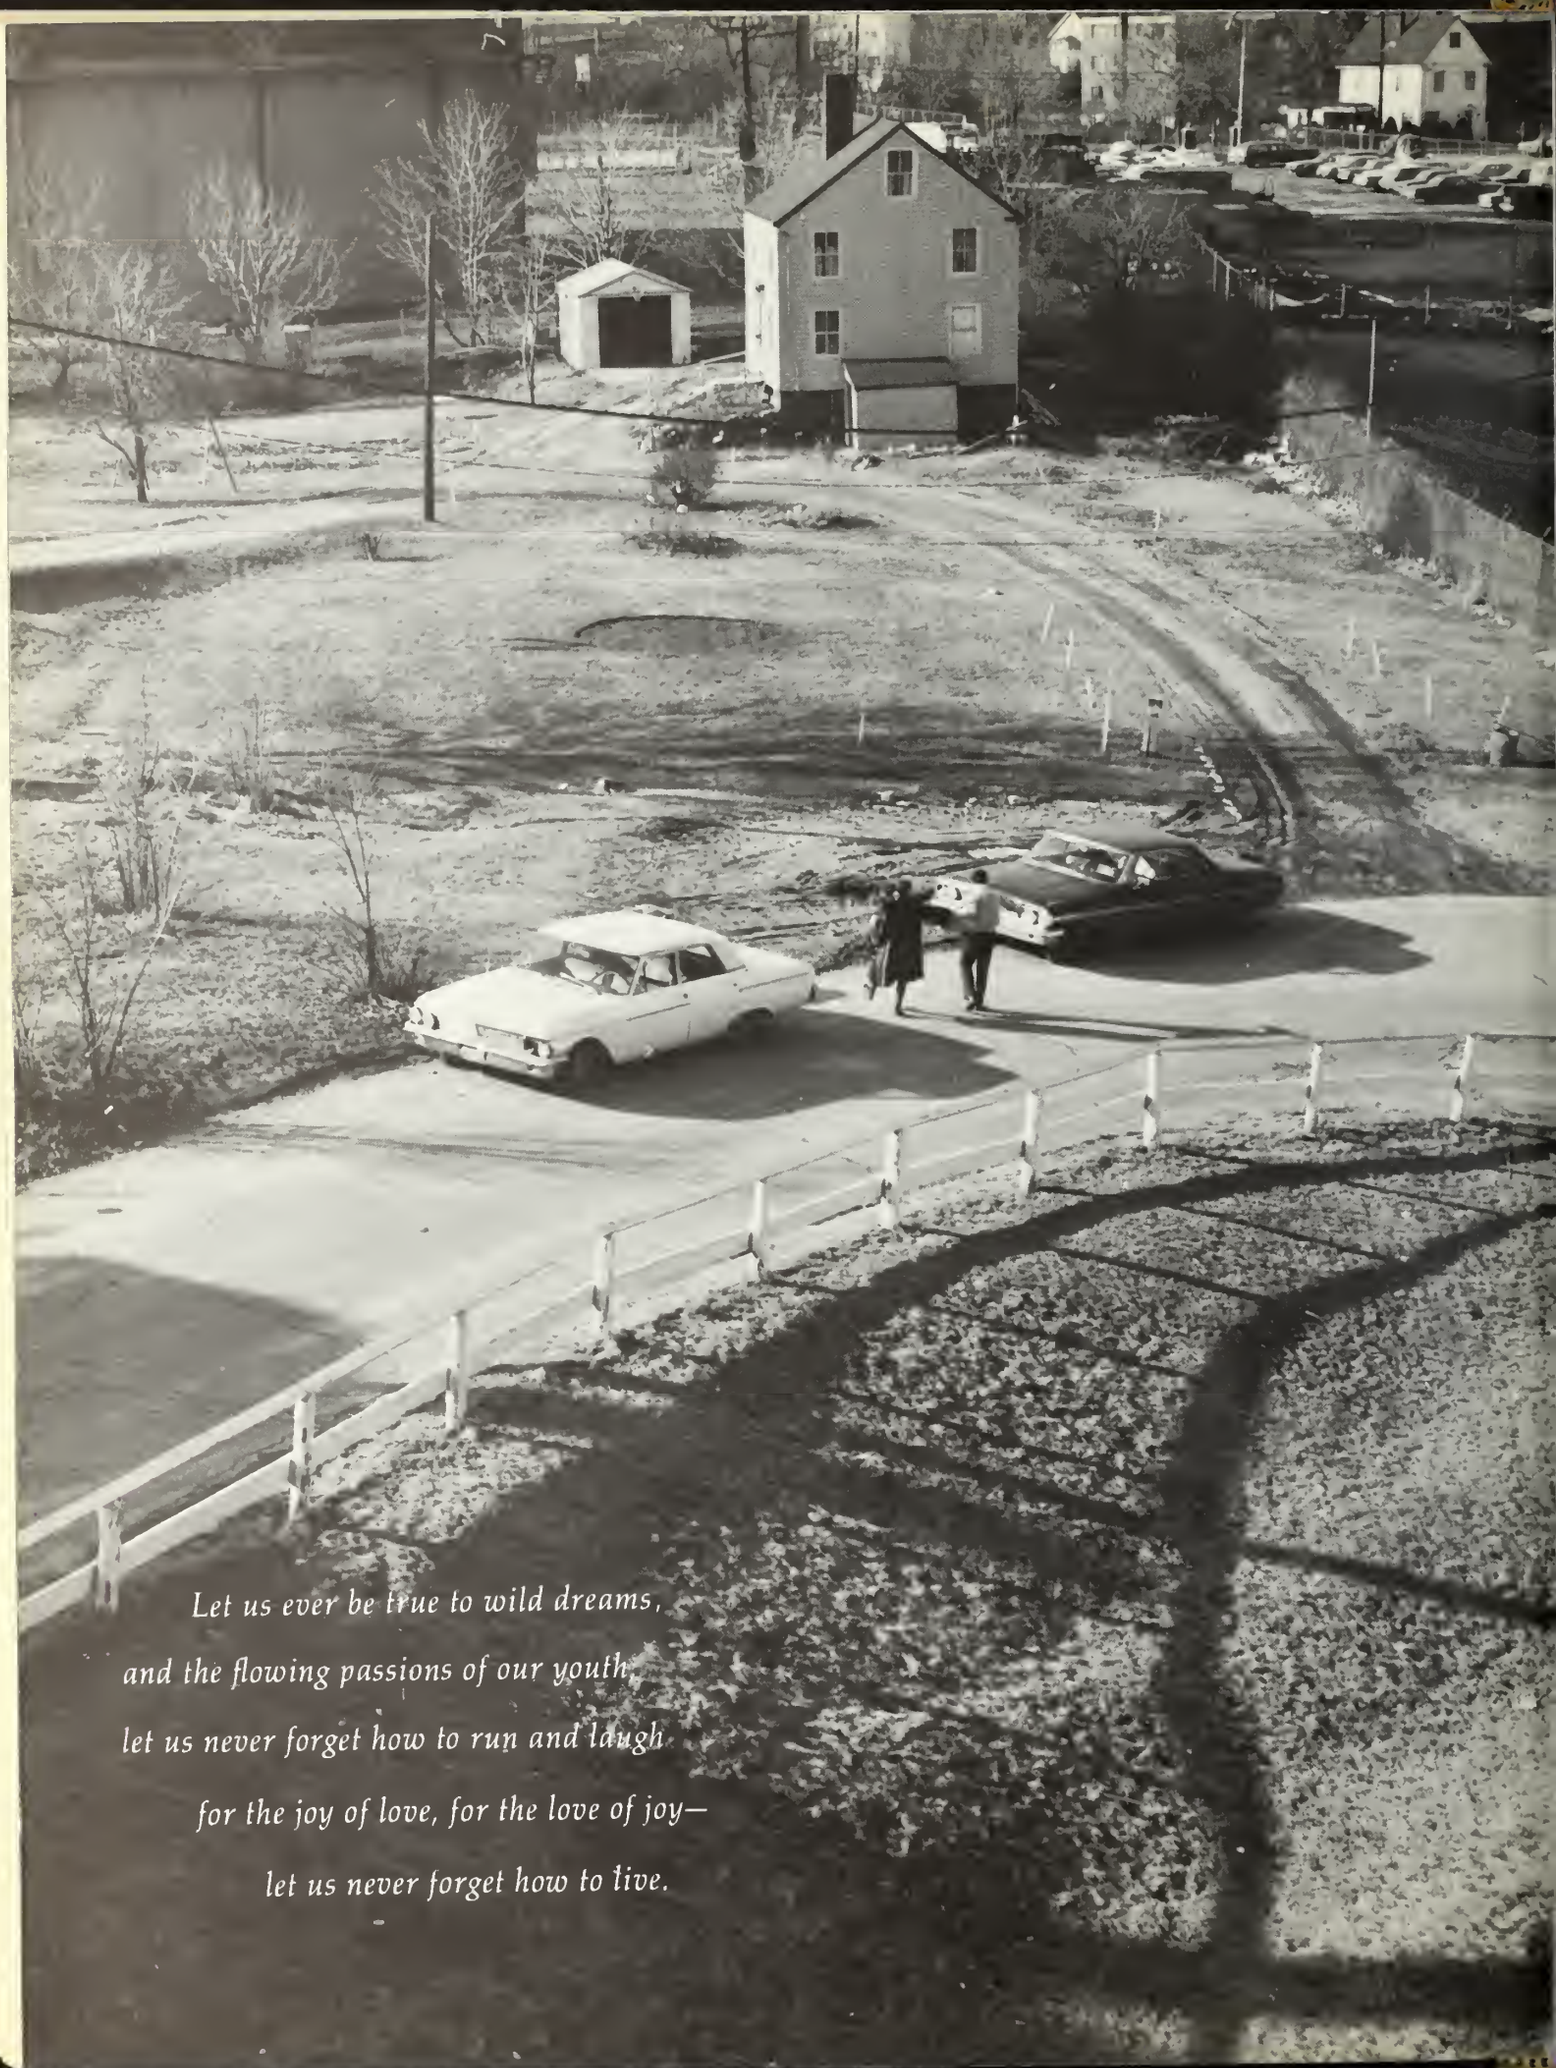
there is hope

and joy and love.

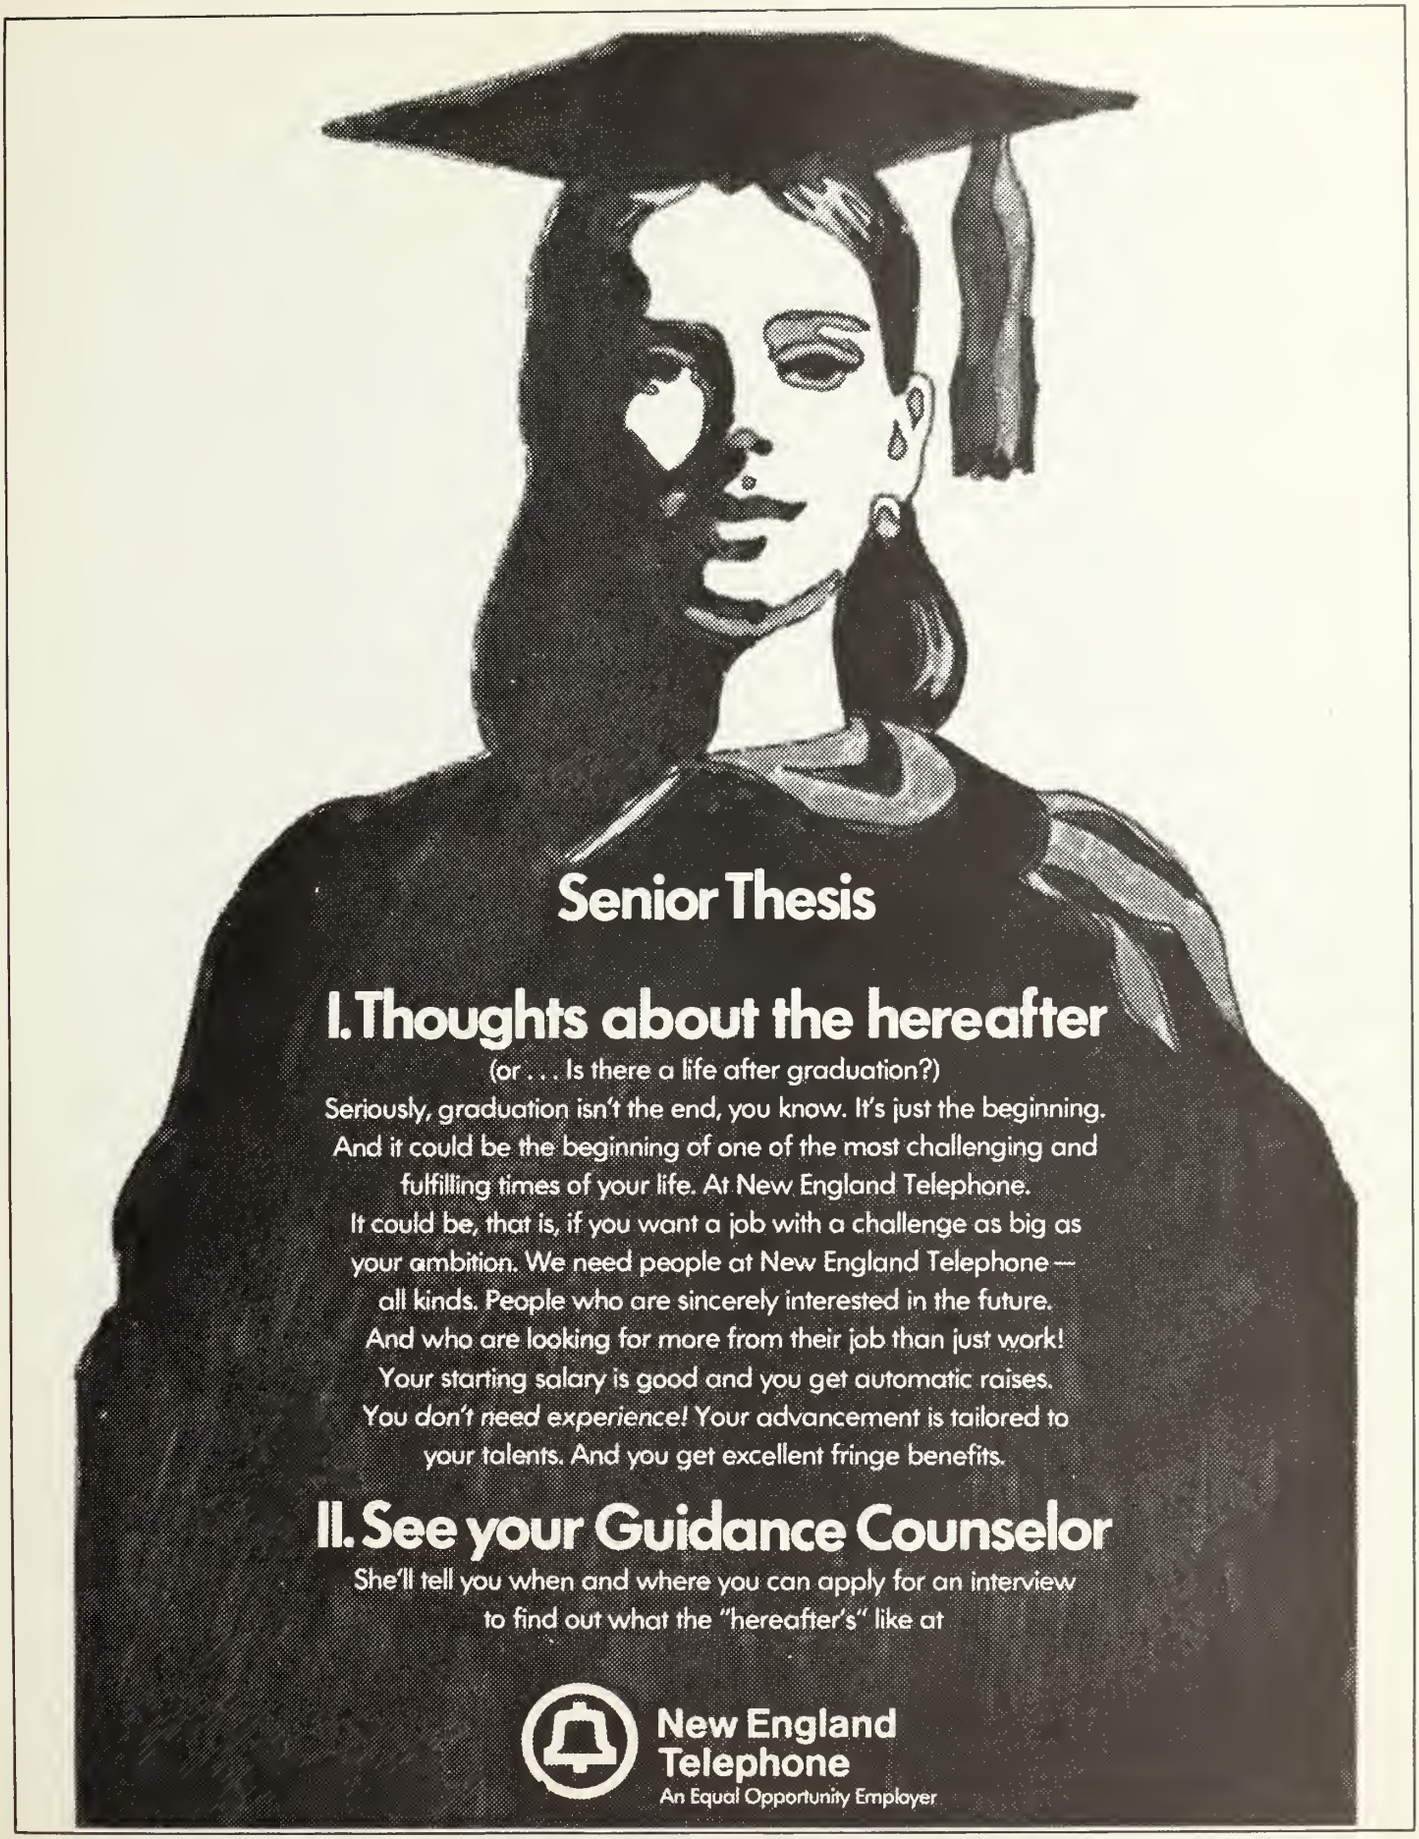
Here is much to hold, but naught to bear,

for dreams are weightless.





Let us ever be true to wild dreams,
and the flowing passions of our youth,
let us never forget how to run and laugh
for the joy of love, for the love of joy—
let us never forget how to live.



Senior Thesis
I. Thoughts about the hereafter
(or . . . Is there a life after graduation?)
Seriously, graduation isn't the end, you know. It's just the beginning.
And it could be the beginning of one of the most challenging and
fulfilling times of your life. At New England Telephone.
It could be, that is, if you want a job with a challenge as big as
your ambition. We need people at New England Telephone —
all kinds. People who are sincerely interested in the future.
And who are looking for more from their job than just work!
Your starting salary is good and you get automatic raises.
You don't need experience! Your advancement is tailored to
your talents. And you get excellent fringe benefits.
II. See your Guidance Counselor
She'll tell you when and where you can apply for an interview
to find out what the "hereafter's" like at
New England
Telephone
